2. Based on the total value of the numbers:

According to numerology each letter has a value. If the total value is added, it forms a single digit. Stones can also be selected on the basis of this single digit.

How to calculate:

First let us know the value of each letter.

| | | | |
|---------------|-----|------------|-----|
| A, I, J, Y, Q | = 1 | E, H, N, X | = 5 |
| B, R, K, | = 2 | U, V, W | = 6 |
| C, S, L, G | = 3 | O, Z | = 7 |
| D, T, M | = 4 | F, P | = 8 |

Now suppose the name of the person is JULIE. It should be added with the method as given here under.

J U L I E

1 + 6 + 3 + 1 + 5 i.e. 16 = 7 (1 & 6)

So you should wear stone for 7 number.
